

Press Release**Doris Schurdak joins Dynamics Group as Senior Consultant**

Zurich/Berne/Geneva, 11 August 2010 – Doris Schurdak joins Dynamics Group as Senior Consultant early in September 2010 and will reinforce the Capital Market team. Among her responsibilities, Doris Schurdak will consult and support companies in the area of financial markets' communication with a focus on Investor Relations, Capital Market Transactions and Finance Research.

Doris Schurdak (1967) has extensive communications and research experience on the corporate as well as the investment banking side. In her last position, Head Analysis at the international financial research company Obermatt, she was responsible for project coordination and execution in the area of indexing corporate operating performance (benchmarking). Prior to that, she was a Sell-side Financial Analyst, first at Deutsche Bank, Zurich (1999-2003) and then at Kepler Equities, Zurich (2003-2005) covering medical technology and chemical companies. From 1995-1999 she was Head Investor Relations of Sulzer and Sulzer Medica. Doris holds a Masters Degree in Political Science/International Relations from the University of St. Gallen (HSG) and studied an additional term at New York University's Stern School of Business.

Edwin van der Geest, responsible for the Capital Market team in Zurich, underlines: "Doris Schurdak fits in brilliantly with our team and our clients. She knows the needs of the listed companies from an internal perspective as well as the mechanism of the Financial Community and the Financial Media from her extensive professional experience."
