

Christian Wolf

Partner

Christian Wolf (1972) has been advising European asset managers, insurance companies, banks and pension funds on listed Swiss equities for over 20 years. He has comprehensive and practice-oriented knowledge of the Swiss capital market. He thus supports companies and their executive organs with regard to their positioning in the capital market and their interactions with the financial community. Other key areas of his work include capital market communications, strategic consulting, reputation and crisis management. Thanks to his many years of experience, he is part of a close network of relationships with relevant company representatives, Continental European investors and opinion leaders. Christian Wolf acts as a communication and consulting interface. He focuses on Swiss small and mid caps and systematically structures the exchange of information between companies and the capital market within the framework of conferences and company meetings.

For selected strategic investors, he organises and accompanies reverse roadshows to Swiss companies and their operational units/production sites in the DACH region.

Previously he served as a private banker in the area of High Net Worth Individuals / German Futures Exchange (predecessor of EUREX) and holds a degree as a Swiss Certified Finance and Investment Expert (AZEK). He speaks German and English.
